SLC-130B, SLC-130S Outdoor Bullet Cameras

Compact and weatherproof, the SLC-130 series bullet camera continues to be the camera solution for outdoor, commercial, warehouse, or residential use. Easily mounted on a wall, under an eave or in a wet environment, the SLC130 can be adjusted for a precise viewing angle. The 3.6mm wide angle lens delivers a 20' vertical x 27' horizontal image at a 20' distance from the camera.

Each camera includes a power supply, swivel mounting bracket, mounting hardware, and a 50' video/power cable.
