

SLM426C

14" Color Quad Observation System w/ 4 Cameras

security labs

Features

- 14" color monitor with built in real time quad
- Includes four cameras: (2) color weatherproof cameras with infrared (IR), audio, and Sony CCD image sensor; (2) color adjustable dome cameras with Sony CCD image sensor. All cameras include mount, mounting hardware, and 50' of cable. IR cameras will help illuminate the viewing area in total darkness (10').
- Monitor has built in video motion detection (VMD) and alarm output for triggering a recorder or other device. VMD can be scheduled and programmed for sensitivity and area to be covered.
- Alarm inputs allow triggering devices to be connected to the monitor.
- On screen time and date / titling for each camera.
- Full screen, double screen, PIP (two or three cameras), quad, and auto sequence viewing modes
- 2X digital video zoom and video freeze functions
- Event log (60 items) and video loss alarm
- Selectable background and border colors.
- Security lock function, video loss alarm.
- Power supply 100 to 240VAC, 50/60 Hz. Dimensions 14.25"W x 13..25"H x 14"D; Weight: 29 lbs.
